

Arex Digi⁺ system

Arex, 25 Years Experience & Knowledge in test lanes
Over 2500 installations
in Europe

Galvanised brake plates
with stainless steel needle-
bearings suitable for up
to 5 tonnes axle load!

- ✓ Reliable
- ✓ Fast
- ✓ Diagnostic
- ✓ Dynamic
- ✓ Durable
- ✓ Latest
Technology
- ✓ Simple
installation

One push of the brake pedal measures
the brake forces of all 2 or 4 wheels
independently. The testing is fast,
efficient and simulates
road conditions!

Always an efficient investment!

**Your partner
in trusted test equipment**

AREX DIGI+ System, a professional
brake tester at competitive prices!

**The main advantages of
the DIGI+ brake tester:**

- ✓ Simply to install in most workshops
- ✓ Price competitive
- ✓ Extremely fast testing procedure
- ✓ Hard wearing. Resilient to the wear and tear of the modern busy work shop
- ✓ Low-energy, runs on 110/220 Volt
- ✓ Reliable fault diagnosis
- ✓ Available in 2 or 4 plate configurations, extendable with side slip meter
- ✓ Minimal height, makes it possible to drive over from all sides
